- Become a member of a Golf Club that has a friendly and welcoming atmosphere.
- Progress to the Martello Course with a reduced green fee per Round.

How does it work?

Felixstowe Ferry Golf Club is looking to widen the opportunity for the inexperienced golfer looking for an inexpensive entry to the game or the pay and play golfer looking to achieve a handicap and membership of a friendly club they can identify with.

How can you offer membership at this price?

Through it's Kingsfleet Membership, Felixstowe Ferry Golf Club is providing the inexperienced golfer with an inexpensive entry to the game, and the regular Pay-and Play golfer with the opportunity to gain a handicap.

At the same time we understand the financial constraints most new golfers face at the start of their playing career. To overcome this the Felixstowe Ferry Golf Club has introduced this innovative idea that provides answers.

We have launched this innovative Membership scheme as the answer to this situation.

When you Join

Come and visit the course and see for yourself.

The clubhouse and changing rooms have been refurbished. Should you join you will be issued with a 'Green Card' that gives you your own account with which you can obtain members prices on beverages and food.

Membership will enable you to obtain a golf handicap in the normal way thereby allowing you to enter competitions and play at other clubs, home and abroad.

Kingsfleet Course membership will commence on the 1st April each year and will be subject of a subscription review each year. The first fee will be £250 entitling the member to 25 rounds and £10 for each subsequent round purchased. The Kingsfleet Membership does not permit voting rights at the FFGC AGM.

Your Application

Application for membership of the Kingsfleet Course, Felixstowe Ferry Golf Course

Limited Kingsfleet Membership (£250)
